### **How to help at home**

- Ensure they are keeping reasonable working hours
- Provide them with a calm and focused environment in which to revise
- Reward them for the time and effort they are dedicating to revision
- Read or watch the texts with them
- Help with knowledge quizzing by using the yellow absolute booklet and ask questions from that
- Help with quotation quizzing
- Revision guides such as CGP ones are useful, but the absolutes and class work are tailored to our exam board, Eduqas
- Be mindful they are revising for two separate qualifications. There is a lot of content to revise for literature, but there are a lot of skills to practise under timed conditions for English language
- Encourage them to work through Seneca modules without distractions of any other online activities
- Enjoy story recitations!
- Encourage cultural experiences outside of revision: visiting libraries, museums, the cinema, the theatre, concert halls, art galleries
