Parent Bulletin - January 2026

Matthew 4:19-20

And he said to them, "Follow me, and I will make you fishers of men." Immediately they left their nets and followed him.

For the first two weeks in January, the All Saints' Way theme has been Learn! Students have had their New Year welcome back assemblies and reminders about standards and rewards. Students have also been given new Absolutes for each lesson and top ups of equipment so that students can excel in all elements of their classwork and homework.

Before Christmas it was an inspiration to be a part of the Advent commendation ceremonies and seeing the students achieving in their academic subjects and pastorally. Congratulations to all award winners.

During these commendation ceremonies the form with the best attendance and the best conduct won a certificate to display proudly in their tutor base, but also a pizza treat at tutor time to celebrate together. Congratulations to the following forms:

7JPA and 7HDN - 8BDS and 8GRS - 9BET and 9JSY - 10OVY and 10MAR - 11MWN (won both!)

During the winter season it is even more important for students to look after themselves by getting a good night's sleep, eating a healthy and balanced diet and wearing clothing that is appropriate for the wintery weather. However, should your child be too ill to attend school, please make sure you contact school by 9am each day, stating the reason for their absence. Please avoid just saying they are unwell or poorly, instead give a clear reason for the absence e.g. they have a runny nose, sore throat and cough, sickness and diarrhoea. If you are unsure whether your child is well enough to attend school, please visit the NHS website:

[Is my child too ill for school? - NHS](#)

Please do not be offended if medical evidence has been asked for as this is in line with government protocol around the graduated response to improving school attendance.

FUNDRAISING

Our charities to support this year are the Danny C Foundation and the Emily Harris Foundation

The Danny C Foundation is a newly registered charity based in England, founded in memory of a former student Danny Castledine, who was tragically killed in 2022. It focuses on preventing knife crime through education and awareness initiatives.

The Emily Harris Foundation supports families with premature and sick babies in neonatal units. Funds provide practical help, emotional support, and essential items for parents during hospital stays

For the charity fundraising, each year group will have nominated day which will also be a non-uniform day for this year group. There will also be a fundraising event where each tutor group will have stalls with a variety of events and activities. The days are as follows:

Online safety

Lots of our students communicate using chat apps and group chats. Mostly they are sensible and use these platforms safely however as with all online apps and accounts they can pose some risks.

Always encourage your child to use these forums safely. Remind them not to share personal information, not to talk to people they aren't friends within real life and also to consider what they say when chatting online. Once it is written down and sent it is out there forever. What does their digital footprint look like?

Follow the link below to find out more about how to protect your child when using chat apps. [Chat apps | NSPCC](#)

Parent Bulletin - January 2026

This term we continue our litter picking rota, we are also looking at how to reduce the number of single use plastic water bottles being used in school. we are looking to purchase some reusable bottles, with money raised last academic year and have also launched our ECO Steward competition:

To enter the competition, we invite you to create something that represents any of the Words of the Week, using only recycled materials.

Your creation must be made from materials that would normally be thrown away but that you turn from 'trash' into something we will treasure!

Energy saving tips – turn lights off when not in use and encourage natural light during the day-time. A study by 100Green found that the amount of energy wasted in the UK by leaving lights on could power around 125,856 homes for a year.

Careers

On Thursday 15 January, we were fortunate to have a visit from BBC Bitesize.

Year 7 to 11 attended careers sessions led by an experienced BBC presenter, who spoke to three professionals in a 'panel-style' setup.

Each professional worked in the local area and discussed their career path with the host. They covered a variety of topics, including relevant qualifications, personal anecdotes, advice on work experience and key soft skills for the workplace. Students also had the opportunity to ask questions during the interactive part of the event.

The students were well behaved, engaged and participated with enthusiasm!

BBC Bitesize web page has lots to offer, take a look!
