

Year 8 Options Information Sheet

You may have a really clear sense of the subjects you want to study to GCSE level and beyond, but many students do not and that is completely normal. Today's presentations are an opportunity for you to really consider which subjects would suit your learning style and interests best. Listen carefully, make notes and hand them over to your Parents/ Carers when you get home, alongside your Year 8 Options envelope. Remember that envelope contains your application form so if you lose it, it could lead to a delay in choosing your options. Don't forget to mention to parents and carers about the Microsoft Live event tonight*, so they can help you with these big decisions.

Take this opportunity to ask staff questions about the subjects so you know that when you make your choices, you have been fully informed. You will be in your tutor rooms at tutor time, P3, P4 and Progress Period. Period 5 will be normal.
