

All Saints' policy for teaching and learning during partial or total school closure

Background

This policy is designed to clarify arrangements for providing a quality education for students in the event of a partial closure of All Saints' Catholic Voluntary Academy to certain year groups, possibly due to isolated confirmed cases of Covid-19, or a full school closure in response to a larger outbreak or cluster of cases affecting a larger number of staff and students. The principal aim of the school is to protect the safety and wellbeing of students, whilst also being fully committed to providing a broad, balanced and engaging curriculum for our students, involving face-to-face contact with teachers wherever possible, recognising that this is the most effective way to support learning.

If students need to isolate, or they are unable to attend lessons due to a form of school closure, they will access lesson via Microsoft Teams, or the VLE, if Teams is not working.

Protocol for on-line remote lessons

Students will:

1. Be appropriately clothed – not in nightwear etc.
2. Be in a communal area of the house, e.g. lounge, dining room, kitchen.
3. Have appropriate equipment required.
4. Join 1 minute before the start time – the Teacher will admit the student as soon as they are ready.
5. Only contact teaching staff via the student email address with questions about the work or to submit work that has been specifically requested by the teacher.
6. Students will not save and upload resources to any other online platform or comment on the resources provided on a public platform. Any behaviour that contravenes this expectation, will result in students having access to remote learning opportunities removed and the Behaviour for Learning Policy applied where appropriate.
7. Students should use the chat function within the subject groups on Teams to ask any questions they have, relevant to the lesson activities in that academic week. Questions must be focused on the learning activities and any use of chat function on Teams to make inappropriate comments, will not be tolerated and will result in the removal of students from remote learning activities. The Behaviour for Learning Policy will be applied where appropriate.
8. Students must only use the subject Teams groups to communicate with teachers about the learning activities set. Teams groups facilitated through All Saints' are not to be used as a social media platform under any circumstances.

(If the teacher has any concerns that any of the above are not in place, they will end the session with immediate effect)

9. Given that the remote learning approach has been used before and students should now be familiar with the procedures, it is expected that students send in work to be assessed when a teacher requests this. Access to school rewards at the end of the year, including the end of year leavers package for Year 11 students, is linked to attendance to lessons delivered remotely and to the appropriate completion of work when set.

Parent(s)/Carer(s) will:

1. Receive a letter/email asking for their consent to allow their child/ren to take part in the on-line group session.
2. Be asked to read a copy of Our Lady of Lourdes safeguarding policy, this can be found on the All Saints' school website. There is an 'Addendum' to the Safeguarding policy in place for the current school closure and this can also be found on the above website.

3. Contact the Head Teacher and schools Senior Designated Safeguarding Lead (DSL) within 28 days of the lesson taking place if they have any concerns about the lesson or M. Dales (Trust Safeguarding Lead)
m.dales@ololcatholicmat.co.uk
4. Ensure that consent has been given in writing where no parent(s)/carer(s) will be present for on-line remote group sessions; this is for any pupils under the age of 18 and who attend Secondary school.
5. Be responsible for the behaviour of their child during the on-line remote session.
6. Regularly check in with their child whilst they are accessing the live lessons, to ensure they are using Teams in an appropriate manner.
7. Speak to their child about appropriate conduct regarding the use of Teams and explain the importance of participating in those lesson to support their progress
8. Not make any negative comments on group 'chats' or other social media platforms. Any concerns should be raised separately with their child's head teacher.
9. Need to contact school, as soon as possible, if your child does not have access to a computer and / or internet access. This will allow the school to arrange for work to be sent via alternative means.

Staff will:

1. Arrange the lessons in advance and create the meeting in relevant system (Microsoft Teams Calendar). Another staff member should be invited to the meeting, either on a group basis, or individual staff member
2. Change the meeting details to only allow the host to present.
3. Any safeguarding issues arising during the session will be shared with the schools DSL and Headteacher; teachers reserve the right to terminate the remote group sessions for safeguarding or behaviour concerns.
4. Be appropriately clothed for the lesson.
5. Be in a communal area e.g. lounge, dining room, kitchen.
6. Have any equipment required for the session ready.
7. Use appropriate professional language throughout the session.

The On-Line Session:

8. Staff will initially mute all - staff can use this to temporarily mute people at any time during the session. Staff can also remove people from the meeting from view if needed.
9. Join the lesson 5 minutes before it is due to start to ensure that the safeguarding settings are in place, these may differ based on software used but as a basis:
 - Background is on 'blur' or your environment is suitable sterile.
 - Record is on.
10. The staff member will set the lesson to 'record' and where possible disable participants webcams.
11. When the students join, the staff member will then admit each student to the on-line group session from the lobby or welcome the student if directly admitted as part of the organisation.
12. At this point, the staff member will ask for verbal confirmation that the students are ready for the on-line group session and have met the expectations; verbal confirmation from an adult is preferable for all Secondary students under 18 and essential for Primary school students.
13. Once confirmation has been received, the staff member will start the lesson. If at any point during the lesson the staff member feels uncomfortable, they will disable the video, or remove the participant and potentially abandon the lesson; any concerns will be reported to the Head teacher.

14. If there are any on-going behaviour issues during the on-line session, the student may need removing from the meeting, or the whole meeting may need to be ended and restarted without the offending student. Any students that engage in behaviour that acts as a barrier to the learning of others or contravenes the school behaviour policy, will be sanctioned in line with the school behaviour policy.
15. At the end of the meeting, the member of staff will remove all people from the meeting.

Expectations on the quality of work set for students working remotely from home

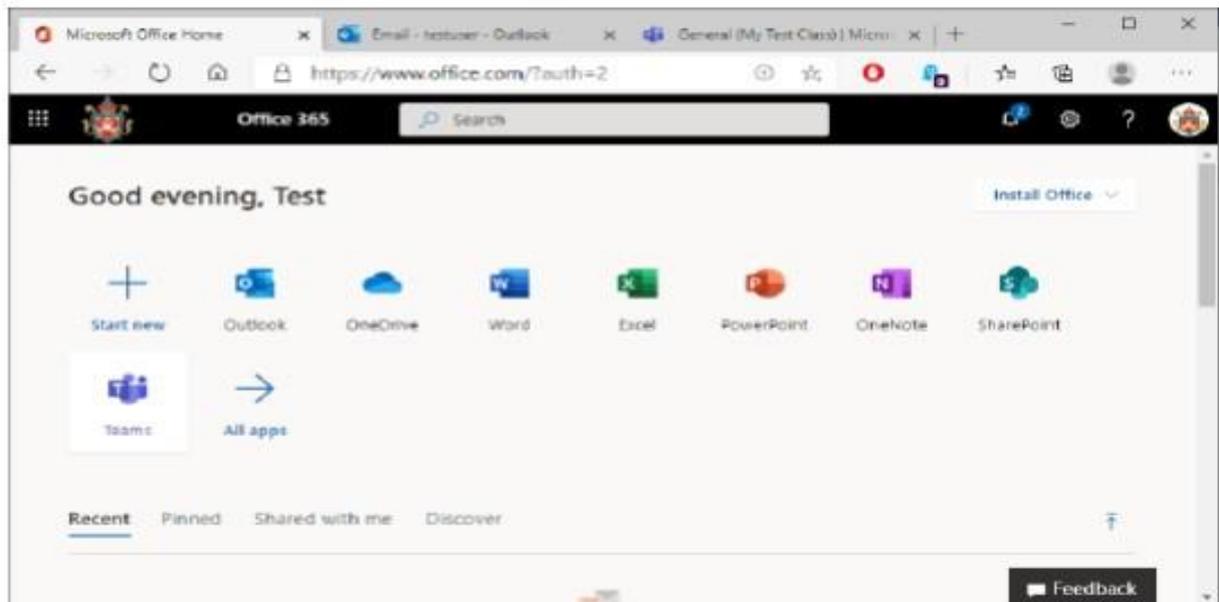

- Lessons will be planned in line with the expectations outlined on departmental Statements of Intent and relevant Schemes of Learning.
- Where departments are collaborating on the creation of resources, the Curriculum Leader or relevant TLR holder will clearly indicate which staff members are responsible for leading on particular areas in relation to year groups and topics.
- Lessons will be made available to students through the VLE platform within the school.
- Lessons will include a range of activities with relevant supplementary resources available for students to access via the VLE.
- Instructions will be clear and any subject specific or technical language will be explained to support students and parents.
- Where students or parents have contacted teaching staff using their school email with questions about the nature of the work set, teachers will respond in a timely manner attempting to resolve any issues.
- Answers and /or mark schemes to the questions and activities will be provided. These may be delivered alongside lesson resources or in a staggered fashion to allow students to attempt activities and later check their work.
- Where pieces of work are set where students need to write in depth, relevant models and / or scaffolds will be provided to support students in how to structure the work to the required standard.
- The provision of checklists or worked examples is also recommended, where needed, to help students compare the quality of their work against the expected standard.
- In addition to the aforementioned support given through modelling, scaffolding and / or checklists, extension activities or the need to apply learning to different contexts may be provided to allow students to demonstrate greater understanding.
- When using electronic platforms (such as MyMaths) or websites to guide learning, clear instructions on where information can be found will be given and teachers will double check that all links work.
- Time guidance regarding activities should also be given.
- Teachers will indicate if any pieces of work need submitting by students via their school email address.
- Teachers will only respond to student and parent questions regarding work during normal school hours: 8:30 until 16:00pm. This will be done via school email addresses and never personal email addresses.
- Teachers will not communicate with students or parents for any reasons other than responding to questions about the work on the VLE. No communication with parents or students will take place via personal social media accounts, namely WhatsApp and Facebook.

Student Accessing Lessons via Teams Invite.

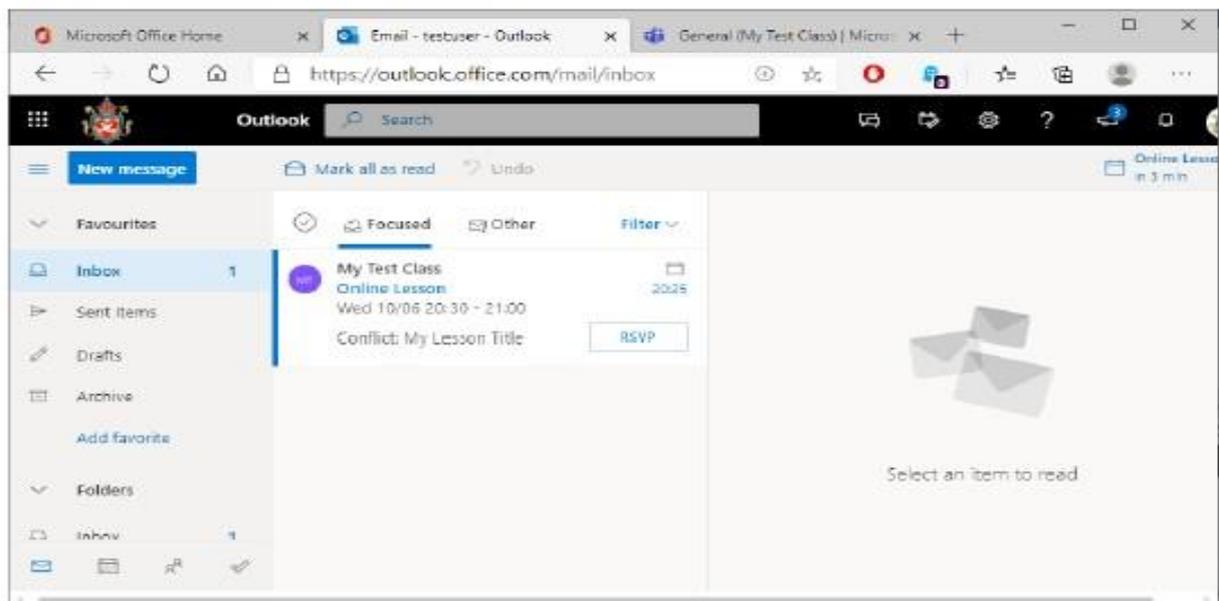

Log onto Office 365 at www.office.com

Use your network login username followed by @allsaints.notts.sch.uk as the log in username.

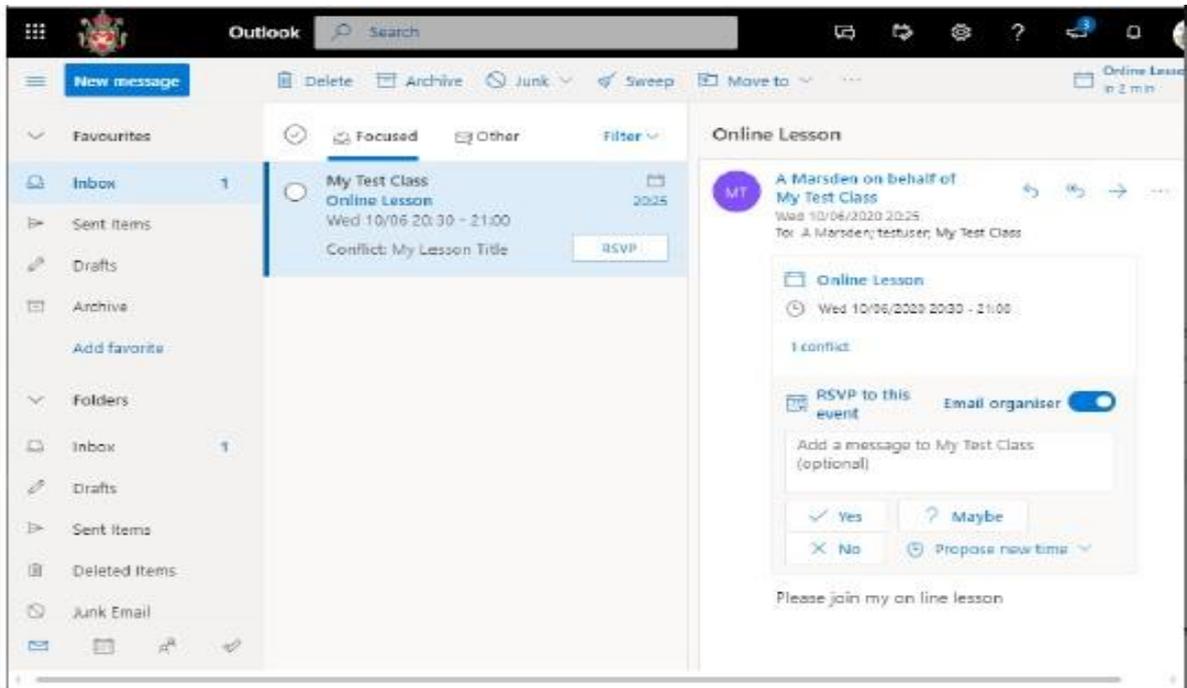

Use your normal network password for the password.

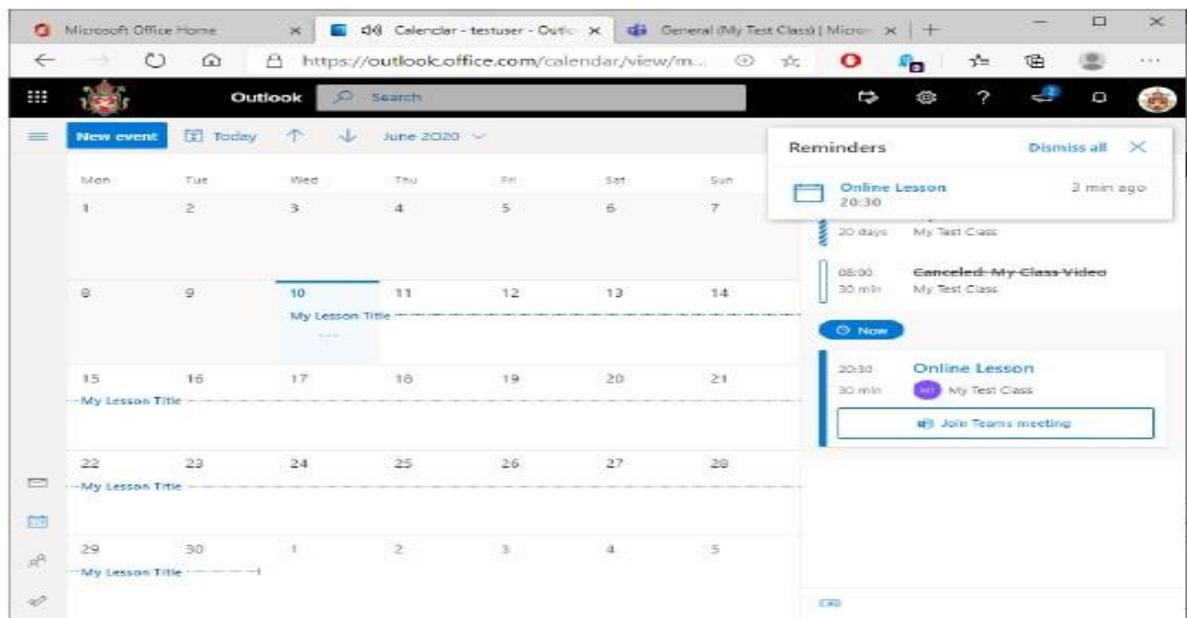

Open Outlook to view email messages.

Here there is an invite for an online lesson. Open the email.

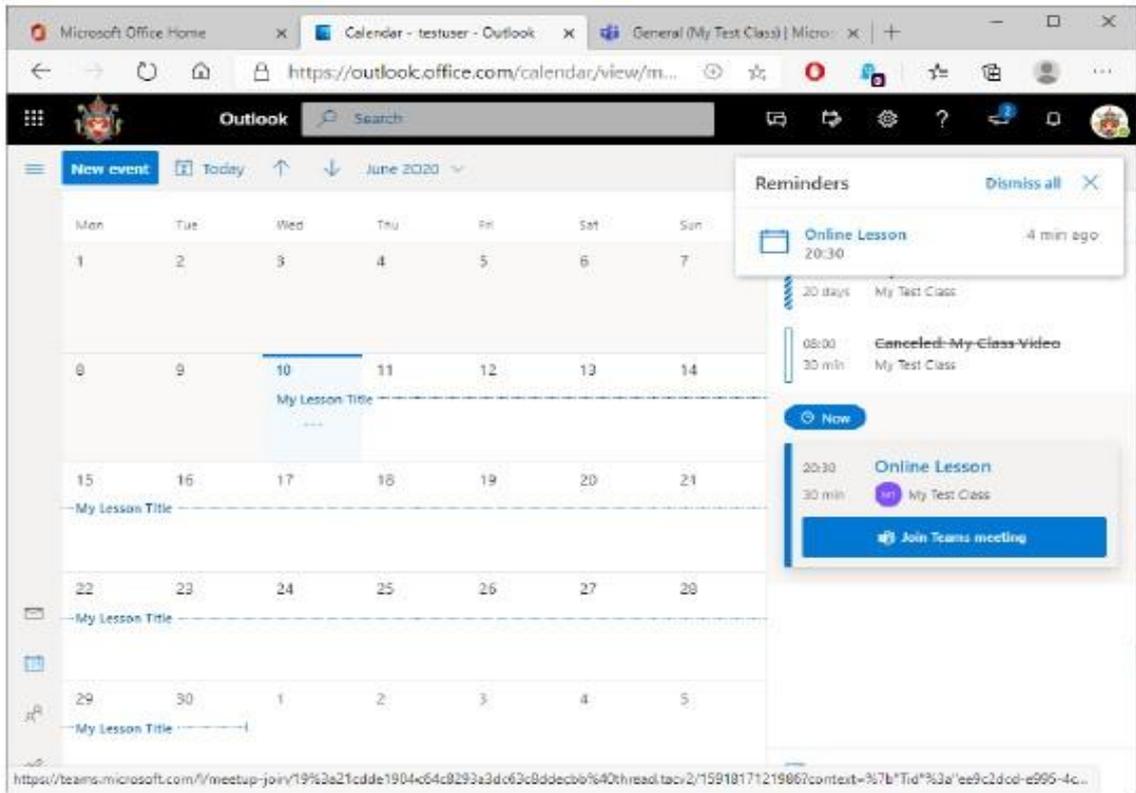

Click on YES to add this to your Calendar. To view your Calendar, click on the Calendar icon on the bottom row, second from the left.

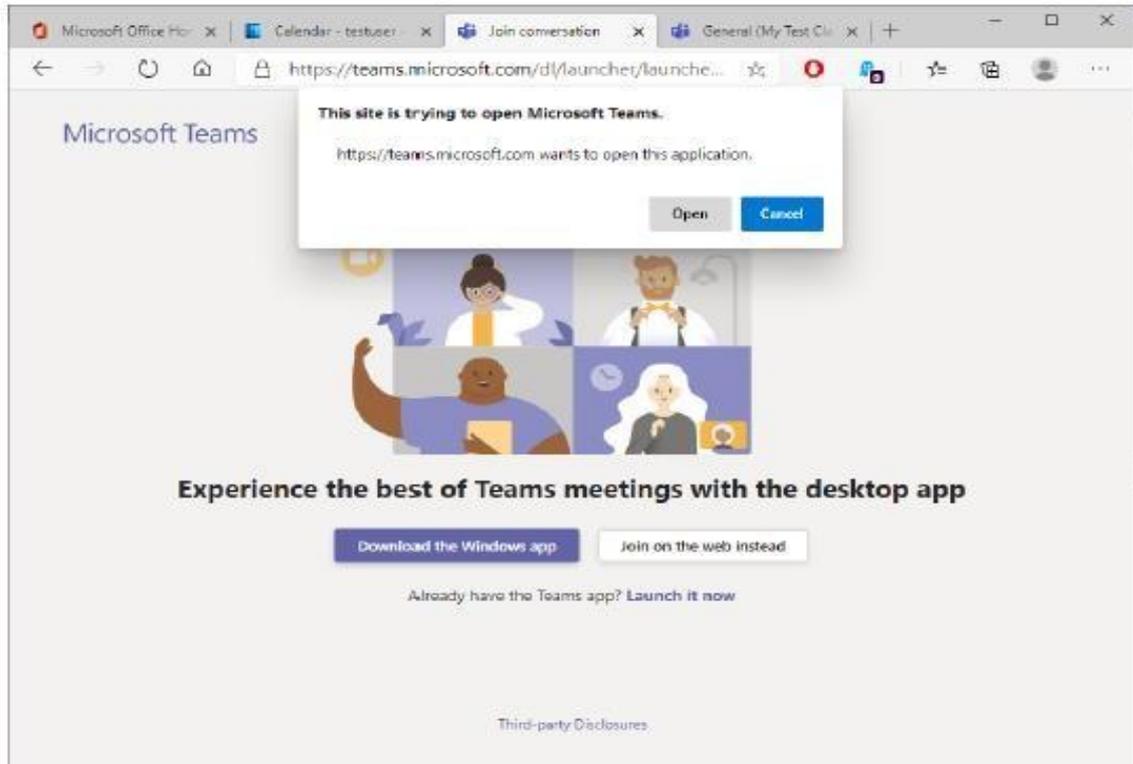

In the Calendar view, any other lessons you have added to your Calendar will be displayed on this screen.

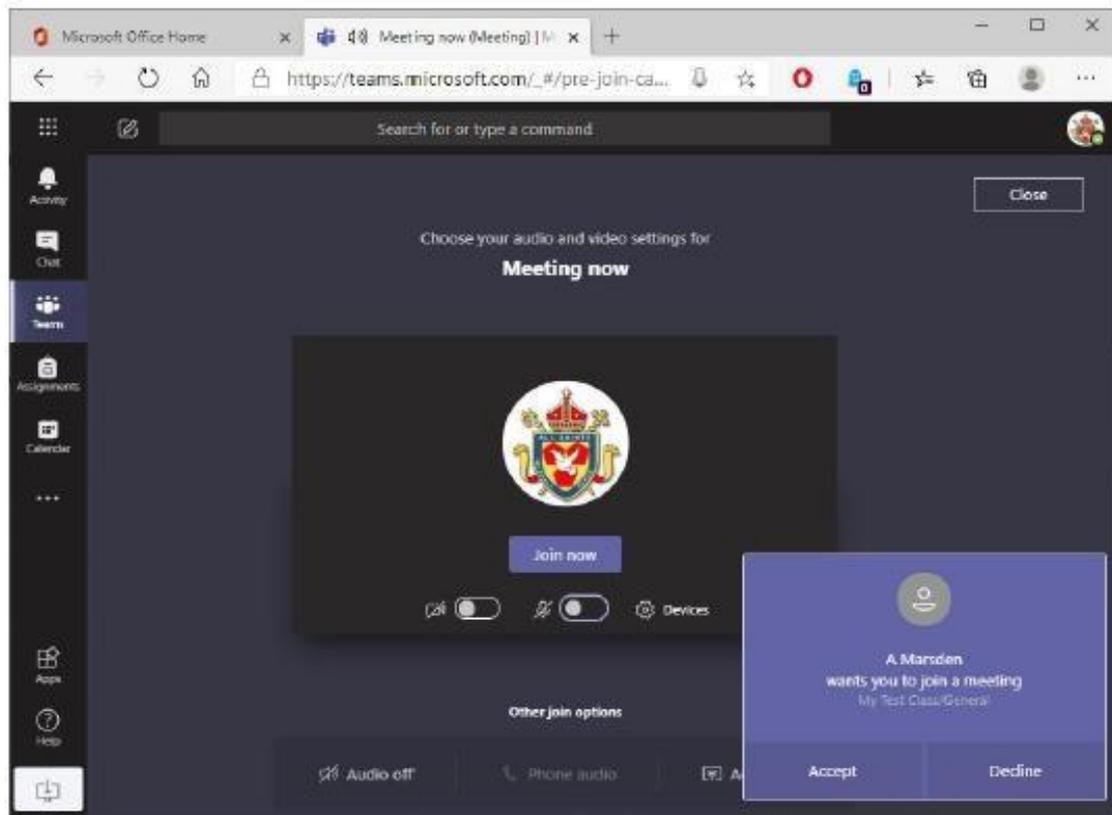

Lessons added to your Calendar will give you reminders when the lesson is due to start.

At the allotted time, click on Join Team Meeting. You may also Join a meeting by opening Teams directly.

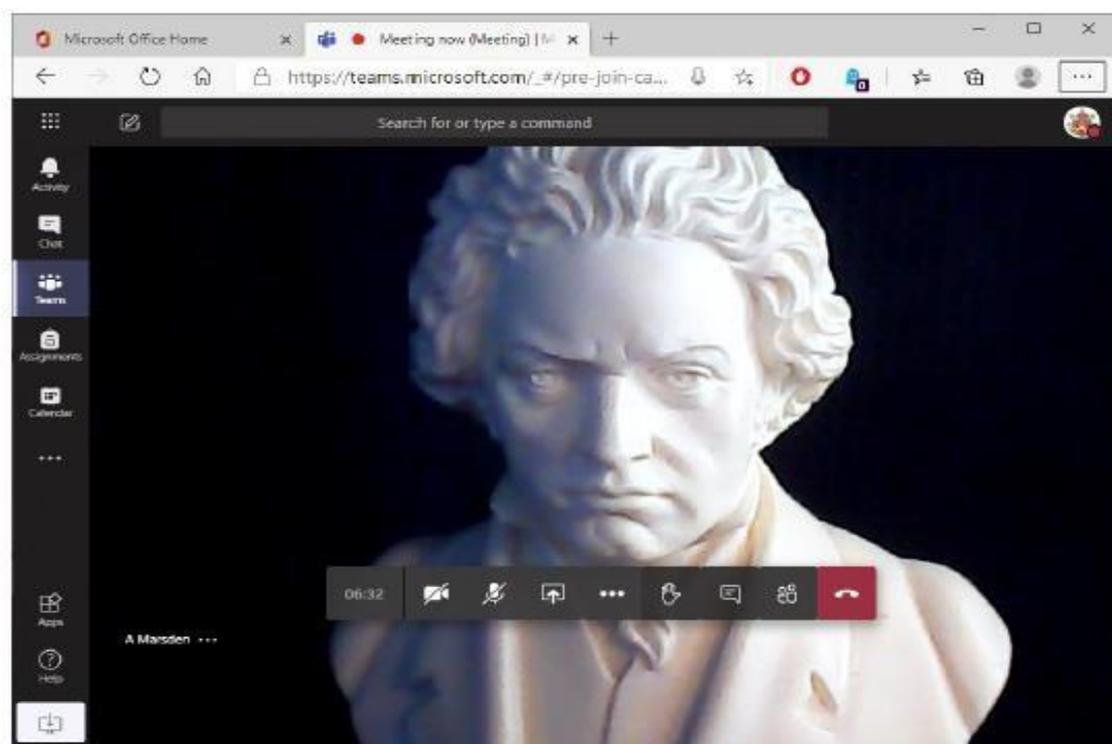

You may get this on the first login. Click on Open. You can also at this point download the Teams app if you wish. This gives more options than the Web based version.

Please click on the camera and microphone icons (below the Join button) to turn OFF your camera and microphone. You can turn your microphone on later if you wish to talk to the teacher. When you are ready click Join Now to enter the meeting.

While the teacher is getting the lesson ready, you may see this screen. Click on Accept and Join Now to start the lesson.

You will now see the teachers screen. From here they can share files, chat and display presentations for you to see.

You can use the icons on the screen to turn your camera on/off (*we ask camera are set to off*), turn your microphone On/Off, raise your hand and chat to your teacher.

When your lesson has ended, click on the Red icon on screen to hang up.
